

GLOBAL VILLAGE PROJECT

Cornerstone Society

WOMEN COMING TOGETHER TO
ENSURE STUDENT SUCCESS
AND THE SUSTAINABILITY OF OUR SCHOOL

Cornerstone Society is a community of women invested in the future of GVP and its alumnae, who pledge an annual contribution of \$5,000 or more each year, over a period of three years. By pledging multi-year support, Society members ensure ongoing funding for staff salaries that is vital to the sustainability of our school.

THE SOCIETY'S WORK

Fundraising: A three-year pledge of financial support of \$5,000–\$50,000

Fundraising: Recruiting women to join the Society

Alumnae Engagement: Meeting 2-3 times per year with GVP alumnae, now in college, who benefit from encouragement and mentoring offered by this unique group of women

According to UN Secretary General Ban Ki-Moon, “Today there are 57 million children out of school—and most of them are girls.” **Cornerstone members give refugee girls with interrupted schooling, right here in Georgia, access to the education to pursue their dreams.**
