### **Responsibilities:**

- Act as a coordinating lead for math teachers, collaborate with STEAM Coordinator on unit integration, strategize and coordinate math assessments, and assist with differentiation strategies.
- Collaborate with math faculty on curriculum development for Math and Math Workshop classes, STEAM integrated units of study, and summer programs.
- Lead documentation of math program scope and sequence, document curriculum and instruction, and create differentiated units of study and lesson plans for students.
- Manage volunteers in the classroom setting.
- Collaborate with faculty on publications and presentations to share teaching and learning models.
- Collaborate with staff, families, and community partners to provide culturally responsive, real world learning experiences.
- Assist with Authors' Tea (student learning showcase).
- Integrate arts, social and emotional learning, and restorative practices into curriculum and instruction.
- Attend meetings and contribute to staff professional development sessions.
- Maintain state teaching certification.
- Contribute to a culture that values community, collaboration, and lifelong learning.

### **Required Qualifications:**

- Teaching degree and math certification (primary preferred); willingness to teach emerging numeracy and foundational math skills to teen girls
- ESOL certification or equivalent experience
- Experience or interest in coordinating math workshop classes
- Three or more years classroom teaching experience and demonstrated high-quality

classroom instruction

- Excellent communication and interpersonal skills
- Passion for empowering and educating refugee girls who face structural barriers to their education.
- Proficiency working with multilingual, multicultural communities and a personal commitment to the principles of diversity, equity, and inclusion.
- Self-motivated and proactive commitment to ongoing learning and improvement, both as an individual and as part of a whole staff team.
